Preamble

Dear Sir, dear Madam,

you have decided that your products could make use of a patented BRACE Microsphere installation. We congratulate you to such a good decision.

Since we tailor our installations to your products we need you to answer some questions so that we can decide which type of installation would be best for you. The following quotation we give you may not be exactly what you want or need, so it is necessary to discuss the first quotation to fit it to your needs. In this discussion the price can change substantially (higher or lower) depending on the additional options you wish to have installed.

Material

I wish to use the following materials to produce microspheres or microcapsules (please identify the type of material, e.g. Alginate, PVA, Thermoplastics, Wax, Metals/Metalloids, oxides etc.)

1:

2:

3:

4:

(Please use additional sheets for more materials)

Type of sphere and Installation

? I wish to have a homogenous mixture of shell and core material(s)

? I wish to have a liquid/solid core and a solid shell

? The diameter of the spheres is larger 2 mm

? I need a FDA/GMP installation for pharmaceutical uses

? I need a FDA installation for food applications

? I need a FDA installation for cosmetic applications

Proceeding

Now that we have a first idea of the installation that could be usable for you, we will either offer you a installation or ask you detailed questions. Please keep in mind that BRACE will not guarantee any throughput or capacity or even usability of the installation without testing the material in their laboratories.
